Re: Mrs Atiyeh Shariati

Mrs Shariati represents this organisation in the Middles East, particularly in Iran, and including Turkey and Armenia. She functions both as a manager and a trainer for the following Courses that we have developed and have accredited through the Australian Government:

Certificate IV and Diploma of TESOL (Teaching English to Speakers of Other Languages)

Mrs Shariati was required to complete an Australian Government accredited Course (Certificate IV in Training and Assessment) in order to be qualified to deliver and assess these Courses.

The fee charged for the Certificate IV in TESOL ranges from AUD\$1250 to AUD\$3,000 depending on the arrangements relating to the delivery of the Course, and the country in which the Course is delivered. Mrs Shariati is able to determine the exact fee in Iran through a process of communication and approval with our Head Office in Australia.

This Course is completed by Distance Learning but face to face class sessions are given to help candidates to complete the Course. In addition the trainees complete Practice Teaching and are observed by Mrs Shariati or by experienced teachers who report to her.

I would be pleased to provide further information if necessary.

Sincerely,

Paul Truasheim [M Ed Studs, B Ed, Dip Teach]
Chief Executive Officer
